CONFIDENTIAL INFORMATION CANNABIS REPORT

Your cooperation is necessary in order that we might be able to accurately calculate cannabis crop and acreage information for 2021. This information will be collectively used in the preparation of the 2021 Mendocino County Crop Report. **Individual cannabis crop and acreage information will remain strictly confidential.**

We would appreciate you completing this survey and returning it to us promptly. Your response is needed even though you may have harvested only a small amount or no cannabis this past season. It is understood that often times cannabis that was harvested in one year, is sold in the following year. So when filling out the survey, total all activities between Jan 1st-Dec 31st 2021, for all categories.

Sincerely,
Aaron Hult
Assistant Agricultural Commissioner
